May your holidays be filled with gifts of peace and joy and each day be a gift of blessings you unwrap the whole year through. In turn may you give the gifts of love and time because the good you do for others is a gift you give yourself. May you be reminded in the laughter, cheers, and songs of the holidays that miracles happen as time marches on.

To receive love and light you must first be willing to open the door to it. The key to the door is the sharing of your love and light. Many blessings this holiday season!

Lauren x9193

I have three holiday wishes for our valued Psychic Source customers: Healing, both physical and emotional; may this holiday season and the coming New Year bring you serenity and peace of mind. And I sincerely wish that you find your passion; the things in your life both large and small that bring you joy.

Sadia x8659

I'd like to share a quote from author Melody Beattie: "Gratitude unlocks the fullness of life. It turns what we have into enough and more. It turns denial into acceptance, chaos into order, confusion to clarity. It can turn a meal into a feast, a house into a home, a stranger into a FRIEND." Wishing all of my Psychic Source friends and family health, love, gratitude, happiness and peace during this holiday season. I feel truly blessed to know you and be part of your journey...I am here for you always. Happy 2016! X.O.X.O.
